PERSONAL STATEMENT

I'm a highly experienced software architect with 15 years in software development, including several as a leading developer. I'm looking for a leading position that has a good amount of technical hands-on to put my experience to use when communicating with the development team. Challenges, solving problems, and working on complex tasks motivate me primarily.

EXPERTISE

Fluent	.NET 4/4.5, C#, JavaScript, CSS3, SASS, Razor, LINQ, Transact-SQL Entity Framework, MVC 3/4, WPF, WCF, WinForms, Reflection, jQuery, ADO.NET, Ninject Visual Studio, Mobile Optimization, EFProfiler
Advanced	Enterprise Architect, SVN, Git, TFS, PHP, C++, WWF, Windows Phone, Parallel, WebAPI, Async, MEF, Azure, NHProfiler
Med-High	DirectX, XNA, WebForms, Java, Pascal, Objective-C, LUA, Rails, Cocoa
Noteworthy	UX, OOP, DBA, TDD, BDD, eCommerce, Cryptography, Security, PGP, UML, SEO, Mocking
Project Management	Scrum, Agile, XP, Waterfall, Team Leading, Brainstorming, Project Analysis, Code Review, Conflict Resolution
Client-related	Business Analysis, Documentation, Customer Relations and Communications, Resource and Cost Estimation, Divergent Thinking

OUTSTANDING PROJECTS

Betting system cashier client, Sportradar

Frontend for cashier operators to manage player bets, tickets and money.
WPF, PostgreSQL, WCF, Custom Logging Library, Windows Embedded

E-Commerce product comparison portal, Totalogick

Online portal using ZMOT strategy to make product selection, comparison and ordering easy,
including a marketing engine. Highly scalable and carefully optimized security.
ASP.NET MVC4, WWF, WCF, SQL Server, Entity Framework, Dapper

Qualitative Recruitment Portal, Norstat

Interviewer call recruitment management software, feeding interviewers numbers to call to for
booking for surveys with a gray list and call queue.
ASP.NET MVC4, SQL Server, WCF, Entity Framework

Quotation Portal, Norstat

Rich Web Application to help project managers create quotes for customers, involving complex
AJAX frontend as well as a dynamic formula builder for backend, linking into various external
systems such as Maconomy.
ASP.NET MVC3, SQL Server, WCF, Entity Framework, CSharpCodeProvider

Management system for environmental objects, FinestMedia

Portal for registration of environmental objects with missing or invalid information with import
and export to SOAP service based information services
CakePHP, XSLT, XML, PostgreSQL, SmartCard, SSO

HTML reader for magazine e-site, FinestMedia

JavaScript base e-reader with PDF to JPG converter and eCommerce support for contracts via
bank, credit card and mobile payments with REST services for iPad reader.
PHP, MySQL, JavaScript, CURL

EMPLOYMENT HISTORY

Sportradar <i>Senior .NET Developer / Consultant</i> 06/2013 – 10/2013	Developing betting related software mainly for use on touch-screen capabilities. Daily stand-up meetings, helping junior developers, performing code reviews, developing new features. Left due to moving to UK.
Totalogick <i>CTO / Systems Architect</i> 01/2013 – 06/2013	Taking care of technical decisions. Architecting an online sales portal. Organizing hardware solutions for the portal. Discussing design and features with partners. Unsuccessful startup.
Norstat <i>.NET Solutions Architect</i> 08/2011 – 12/2012	Architecting infrastructural .NET application and maintaining older .NET / Delphi applications. Leading a small team. Performing weekly scrum. Talking to project managers about features, requirements, design, and analyzing all that.
FinestMedia <i>Software Engineer</i> 03/2010 – 08/2011	Developing rich web applications mainly for media sites using PHP and JavaScript. Talking to clients about requirements. Creating connectors and bridges to multiple external systems.

VOLUNTEER / GENERAL EXPERIENCE

Online Community Manager 07/2008 – 05/2009	Organizing calendar based events, promoting community and performing HR related tasks.
Freelance / Contractor 2005 – 2010	Working for different small enterprise companies and individuals, creating tools, applications and websites, mainly with .NET, PHP and C++.
Smartlink 01/2005 – 03/2005	Developing databases for open source platforms.
Freelance / School tech assistant 2000 – 2004	Assisting school personnel with computer related issues, writing small software for co-students and teachers as well as managing school server infrastructure.

EDUCATION

Stanford University 2012 – 2013	Online courses for human-computer interaction and cryptography.
IT College 2005 – 2006	Linux administration course
Mainor School of Economy 1999 – 2001	Computer Programming courses (C++, Pascal, Access)
Music School of Nõmme 1999 – 2003	Musical Instruments and Music Theory
Secondary School Nr. 37 of Tallinn 1995 – 2004	Secondary Education

LANGUAGES

English	Practically native language
Estonian	Native language
Russian	Understand, speaking and writing average
German	Understanding, speaking and writing average
Japanese	Understanding and speaking average, writing poor

PUBLICATIONS

2004	Programming for Beginners Rapid-Q Short book to cover a BASIC dialect
------	---

INTERESTS

Online games Cycling Traveling	Mainly MMOs and MOBAs
